

## **YRH: World Acrylic Trends in Demand and Supply 2013 Market Overview, Size, Share, Analysis, Technology Developments, Development Status, Trends, Structure, Production Value and Forecast Research Report**

### **Summary**

The “World Acrylic Fibre – Trends in Demand and Supply - 2013” from YarnsandFibres is the eighth consecutive compendium covering the trends in global demand and supply of natural and manmade fibre/filament industries. The report covers all major fibre producing countries accounting for 85% of global production and consumption. Time series on trends from 1990 to 2012 on capacity, production, imports, exports and apparent consumption is presented country-wise for 13 countries including all major Asian countries, USA and West Europe.

This Report captures the trends seen in 2012 across textile fibre/filament industry including natural fibres, including cotton, wool, silk and animal fibres. The analysis assesses the positions of fi-bres/filaments industry as events unfolded.

The Report is richly annotated with authoritative and unbiased objective description, and hard-to-find statistics. The report also provides unequivocal views on future potential based on prevailing climate in key regional markets and projections upto 2018 of capacity, availability and apparent consumption for all fibres.

The Report is divided into two sections: Fibre-wise View and Region/Country wise details. The first section covers World production of manmade and natural fibers for the period 1990 to 2012. This sec-tion covers time series on capacity, production, import, exports and apparent consumption of;

#### **About Us:**

**[yourresearchhub](http://www.yourresearchhub.com)** Not sure if a research on a topic has ever been conducted? Will an existing research report go in enough detail? Is the report right for me? Have doubts ?

We're here to help you.

We at Research Hub, are in the field of connected marketing built by a team of highly qualified professionals with collective knowledge and expertise in both technology as well as global marketing.

We bring industry research reports from carefully chosen analysts and publishers across the globe under a single offering to help our clients with quality research and analysis leading to actionable insight.

A significant portion of our business is organically sourced and this is where we stand out of the crowd. Our customers come across us mostly while looking for market insights at avenues where they are looking for genuine advice. We connect with our clients and actively participate in shaping their research needs – which as a result guarantees a product that they are sure will benefit them.

Our partners connect with us for the same reasons that our clients conduct their business with us – the unique model of offering our marketing services. We work very closely with our partners and bring their strengths to the market in a very effective manner.

Our teams are collocated in India and the UK to provide an unmatched quality of service. Feel free to contact us at [queries@YourResearchHub.Com](mailto:queries@YourResearchHub.Com) should you have any questions or suggestions.
